

PRODUCT NAME	PRODUCT DETAIL	PACK FORMATS
SEADRAGON PREMIUM REFINED OILS		
DHAmege50 Algal Oil	SeaDragon DHAmege50 Algal Oil is our high-strength, plant-based source of DHA in a natural triglyceride form. Fermented in enclosed tanks that provide consistently higher quality oil, away from environmental contaminants, and made without solvents. Refined to leading oxidative standards and carefully packed under nitrogen for oil with superior organoleptic and stability properties.	Multiple pack formats
O3mege35 Tuna Oil	SeaDragon O3mege35 Tuna Oil is our premium, fully-refined, natural triglyceride oil made using upcycled byproducts from certified-sustainable fisheries. The highest fish-derived source of DHA, tuna, is the global standard for use in infant nutrition products.	Multiple pack formats
O3mege20 NZ Hoki Oil	SeaDragon O3-mega20 NZ Hoki Oil is an exclusive product to SeaDragon with a unique 2:1 DHA to EPA ratio. Upcycled from New Zealand Hoki is considered the most sustainable commercial fishery globally. You simply cannot get a fresher, more sustainable source of Omega-3 from fish.	Multiple pack formats
SupA-Hoki Oil	SeaDragon's exclusive blend of premium Algal Oil and New Zealand Hoki Oil. A unique Omega-3 product that offers sustainable differentiation in the Omega-3 market.	Multiple pack formats
SupA-Flax Oil	SeaDragon's exclusive blend of premium Algal Oil and de-bittered New Zealand Flaxseed Oil. A unique, plant-based and vegan friendly Omega-3 product that offers on-trend differentiation in the Omega-3 market.	Multiple pack formats
